# Setup

## 1-1

## Installing MLV5

■ Downloading Setup ■ Installing ■ Enabling Functions

### ■ Downloading MLV5

The setup CD-ROM is not supplied with the MLV5 software key version.

Download the latest version of the setup file from our site and install it.

★To use the software key, MLV5 Ver.5.7.0.0 or later is required.

You can check the version you are using from “File” → “Help” triangle at the right end → “Version information”.

1. Start a web browser and access the site below.

<SATO License Management Site for Multi LABELIST V5>

[https://license.sato.co.jp/mlv5\\_license/](https://license.sato.co.jp/mlv5_license/)

2. Click “ダウンロードページ” (Download page) of “Multi LABELIST V5 セットアップ” (Multi LABELIST V5 Setup) in “おしらせ” (Information) at the bottom of the page.

**SATO Multi LABELIST V5 ライセンス発行**

4. The setup file is downloaded. The zip file is saved in the downloads folder. Unzip it and install MLV5.

## ■ Installing MLV5

1. Double-click "**Setup\_XXXXX.exe**" (XXXXX: Edition name).  
If the warning for user account control is displayed, click "OK".
2. Install MLV5 following the instructions on the screen.

## ■ Software Key Authentication

In the cases below, activation is not required. Go to “[Installing the Printer Driver](#)”.

- When the version of Multi LABELIST V5 Plus/Standard/Lite is Ver.5.7.2.0 or later
- When Multi LABELIST V5 Enterprise is used

When MLV5 is newly installed, Software Key Authentication is deactivated. Activate it following the procedures below.

1. Start a web browser and access the site below.

<SATO License Management Site for Multi LABELIST V5>

[https://license.sato.co.jp/mlv5\\_license/](https://license.sato.co.jp/mlv5_license/)

2. Click “ダウンロード” (Download) of “ソフトウェアキー有効化ツール” (Software Key Activation Tool) in “おしらせ” (Information) at the lower part of the page.

3. The Software Key Authentication tool is downloaded. As the zip file is saved in the download location, unzip it.

- Unzip the file and double-click "**MLV5-SoftwareLicense-Enable.vbs**".  
If the warning for user account control is displayed, click " はい (Y) " (Yes).
- When a confirmation message is displayed, click " はい (Y) " (Yes).

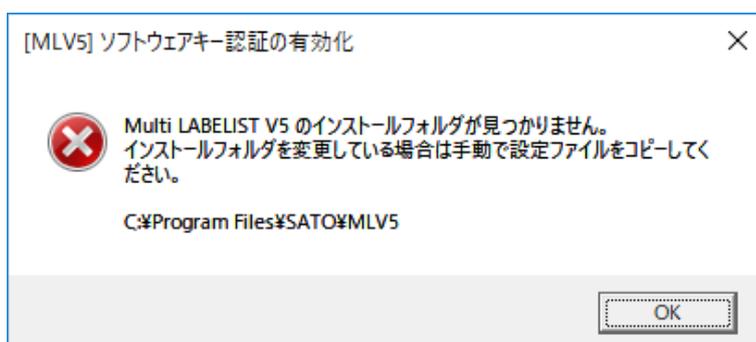

- When the message below is displayed, the activation is complete. Click "OK".

### [Note] When the MLV5 destination folder has been changed

When the MLV5 destination folder has been changed, the message below is displayed.

Copy "**AppendixSettings.xml**" in the "file" folder to the MLV5 destination folder manually.

## 1-2

### Installing the Printer Driver

To print the label using MVL5, install the printer driver on the PC.

#### ■ Label printer created by SATO

Download the latest version of the printer driver from our site and install it.

For details, refer to the site below.

<Download Site for Printer Driver/Manual>

<http://www.sato.co.jp/download/manual/>

#### ■ Color printer manufactured by another company

Install the printer driver using the setup supplied with the printer.

For details, contact the manufacturer of the printer.

## Chapter 2

# Software Key Authentication

## 2-1

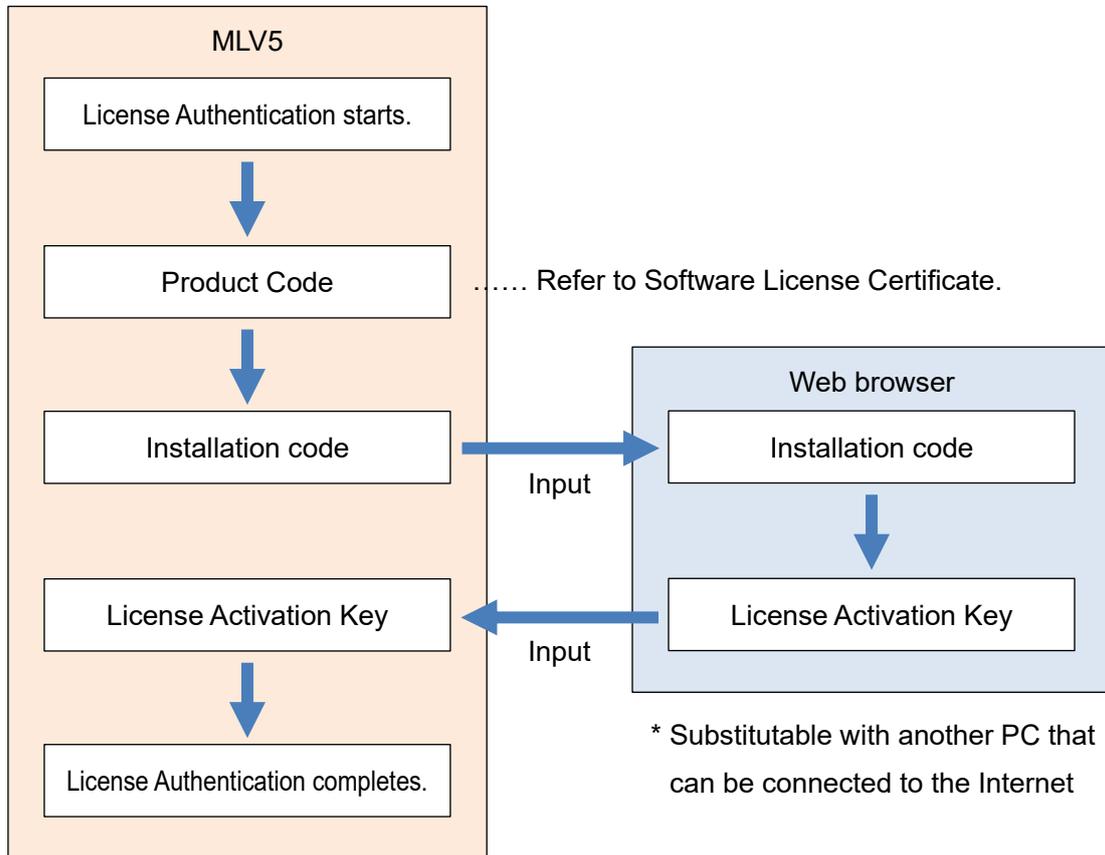

### Software Key Authentication

- License Authentication
- When connecting to the Internet is disabled

#### ■ Before License Authentication

Connect the PC with MLV5 installed to the Internet.

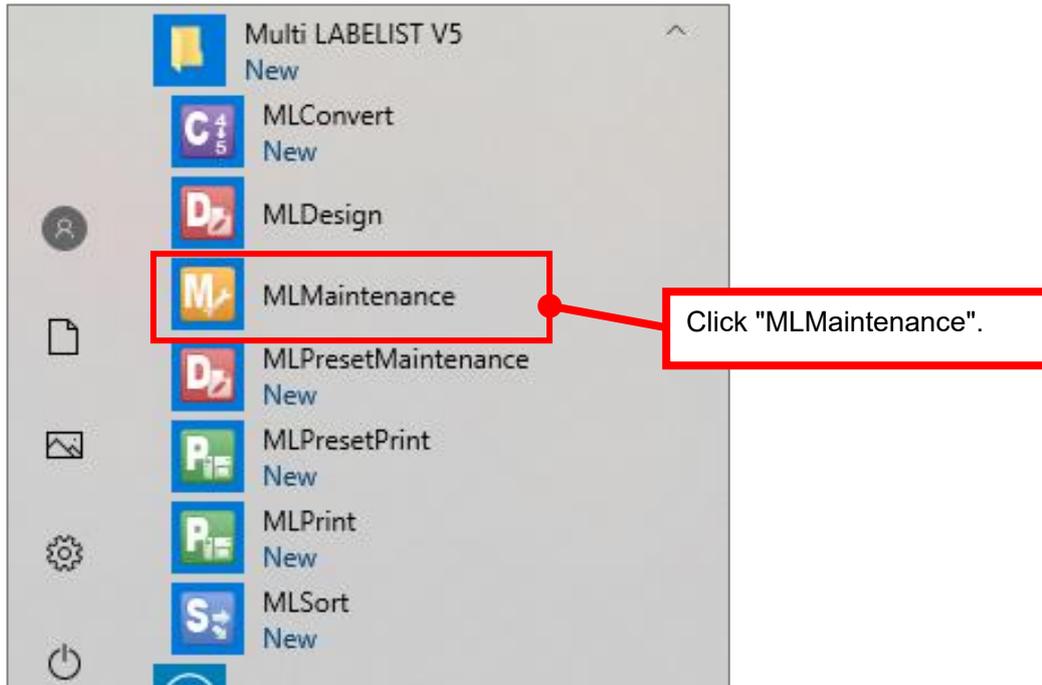

If the PC cannot be connected to the Internet, use another PC that can be connected to the Internet.

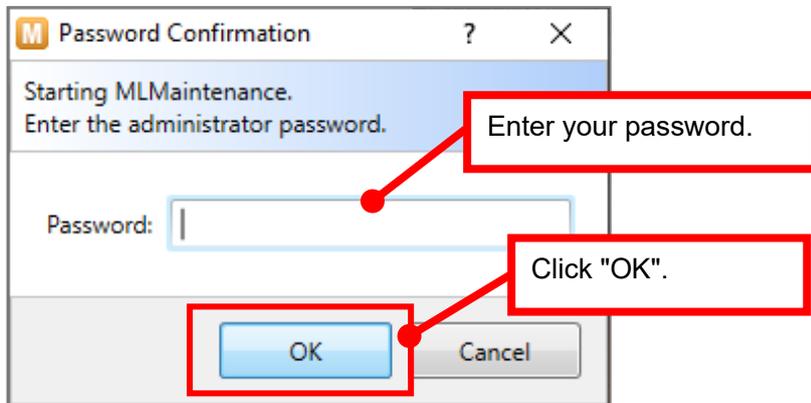

## ■ License Authentication

1. Start MLMaintenance.

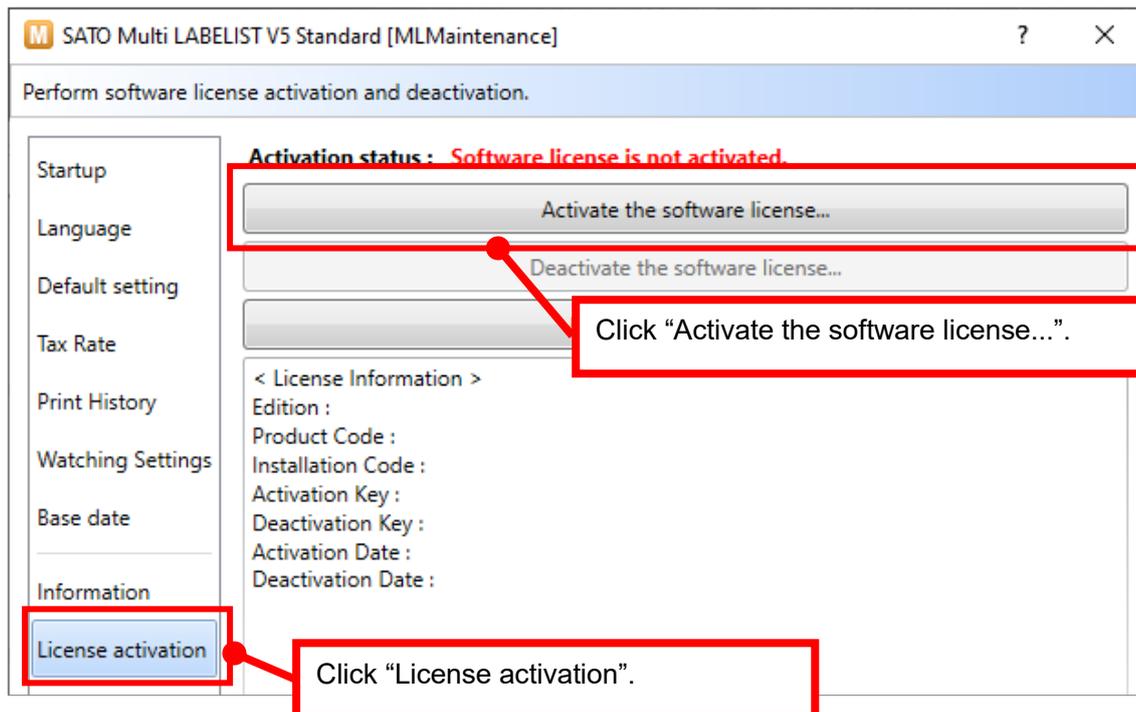

If the warning for user account control is displayed, click "OK".

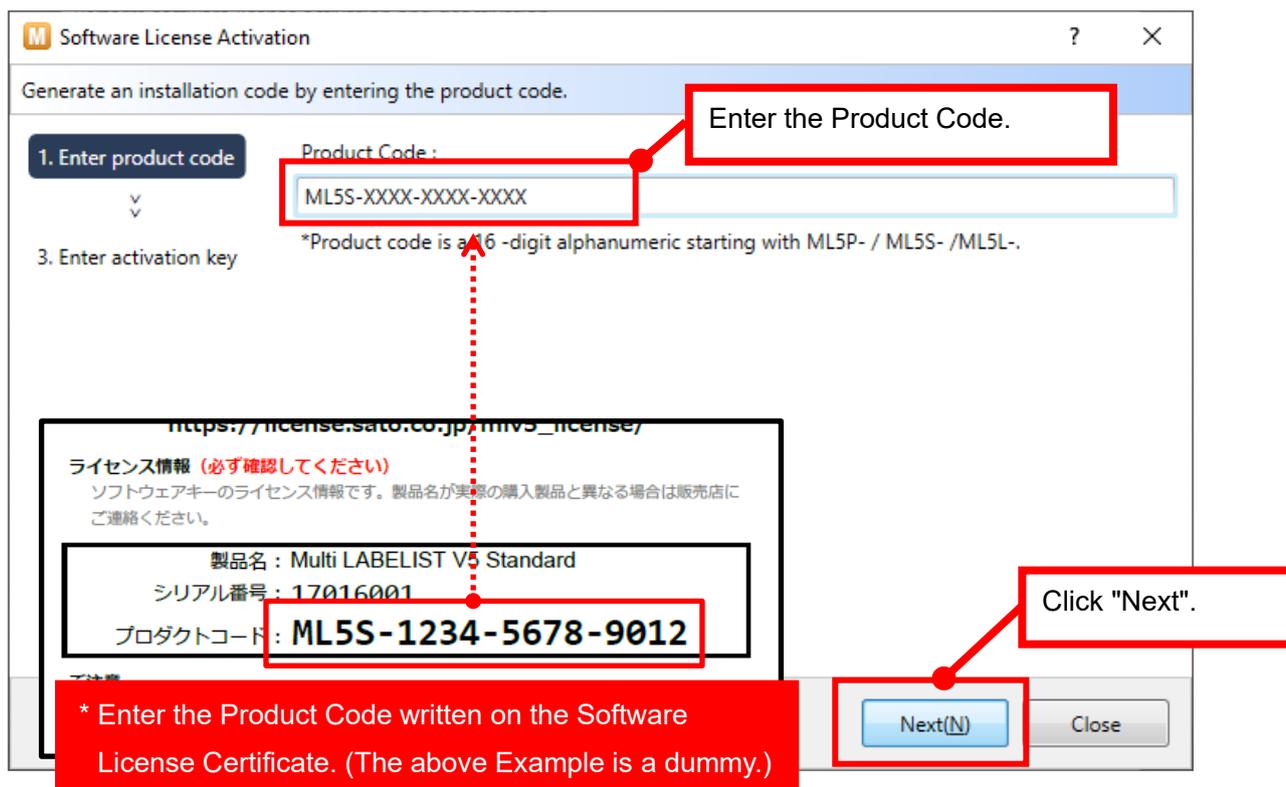

2. Enter your password and click "OK". The initial password is "user".

3. Click “License activation” from the menu on the left, then click “Activate the software license...”.

4. Enter the Product Code written on the “Software License Certificate” and click "Next".

#### ★ About the “Product Code”

The Product Code is a 16-digit alphanumeric starting with ML5P/ML5S/ML5L/ML5E. It is written on the “Software License Certificate”(included in the MLV5 Software Key Version).

**[Note] If clicking "Next" causes an error**

The entered Product Code may be incorrect. Check the Product Code and enter it again.  
The alphabets "O", "I", and "Z" are not used in the Product Code.

## 5. Click "SATO License Management Site".

**[Note] If “既に全て発行済みです。” (All licenses have already been issued.) is displayed on the SATO License Management Site**

The License activation key for the entered Product Code has been issued. Click “**ライセンス発行履歴**” (License Issue History) and check “Installation Code” (**インストールコード**) and “License Activation Key” (**ライセンス認証キー**). If the license has been activated with an incorrect Installation Code, please contact our sales office with the product code.

6. The SATO License Management Site is displayed. As the Site opens with the Installation Code entered, enter the Computer Name and click " 次へ " (Next).

インストールコード入力

MLメンテナンス画面に表示されているインストールコードと各種項目を入力してください。

アプリケーションID Multi LABELIST V5 Standard

インストールコード MLNC - [Barcode] - [Barcode] - [Barcode] - [Barcode]

※「インストールコード」は、「MLNC

コンピュータ名 ラベル発行端末1号機

※「コンピュータ名」に個人情報は入力しないでください。

Enter "Computer Name".

Click " 次へ " (Next).

戻る 次へ

#### ★ About the "Computer Name"

For the "Computer Name", enter information to identify the device on which the Product Code has been registered. This information is necessary for checking which product code is registered for which terminal in case of a PC failure or possessing multiple software keys. Do not enter personal information.

7. Check that the contents are correct and click “発行” (Issue).

アプリケーションID	Multi LABELIST V5 Standard
インストールコード	MLNC-██
コンピュータ名	ラベル発行端末 1 号機

Click "発行" (Issue).

8. The “License Activation Key” (ライセンス認証キー) is issued. Copy the activation key displayed on the screen.

アプリケーションID	Multi LABELIST V5 Standard
インストールコード	MLNC-██
コンピュータ名	ラベル発行端末 1 号機
ライセンス認証キー	MLAK-██

MLメンテナンスで上記のライセンス認証キーを登録してください。

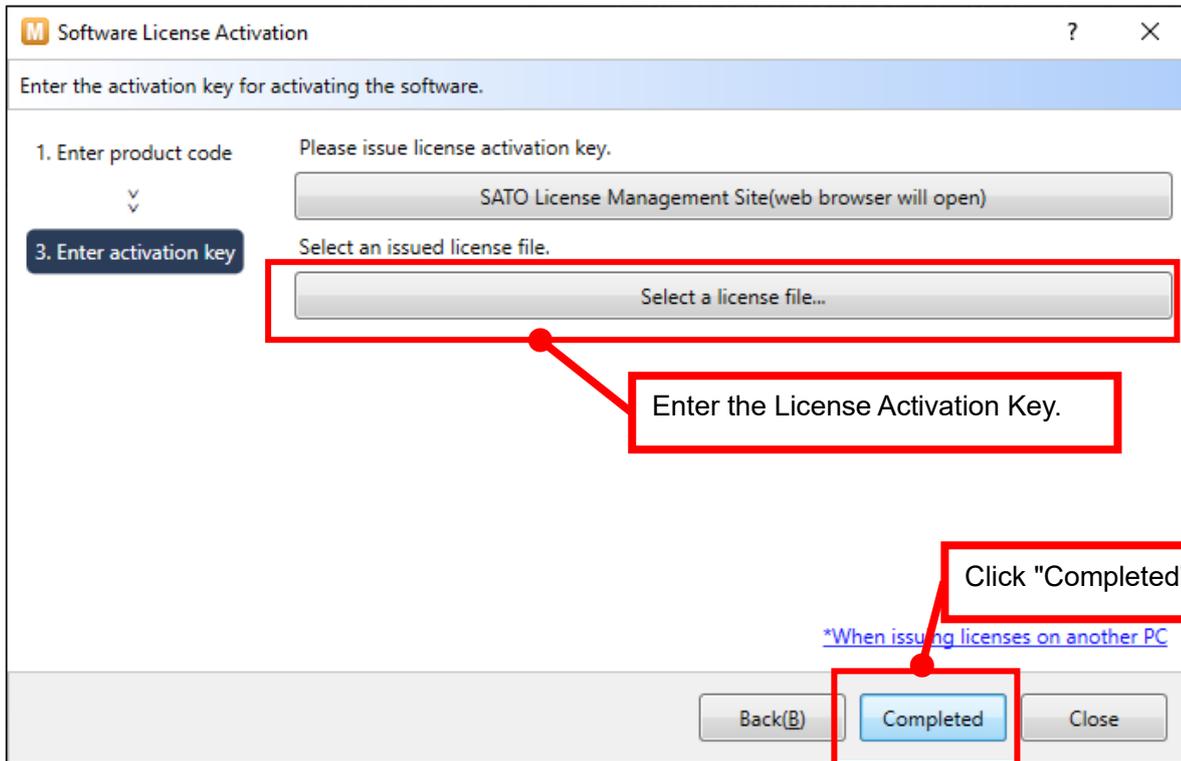

Copy the activation key.

#### ★ About the “License Activation Key” (ライセンス認証キー)

The License Activation Key is a 26-digit alphanumeric starting with “MLAK”. It is issued on the SATO License Management Site.

Registering the License Activation Key enables the software key.

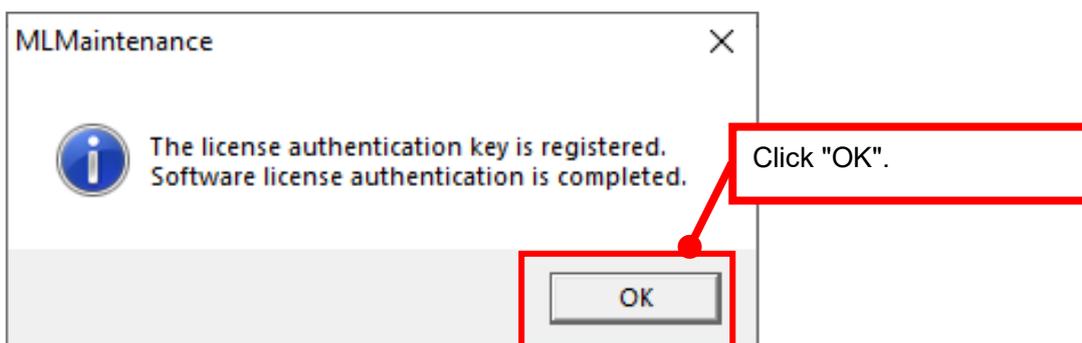

9. Return to MLMaintenance, enter the copied License Activation Key, and click “Completed”.

★ If the screen shown above is closed

If the screen shown above is closed during activation of the license, click “Activate the software license...” and the License Activation Key screen opens.

10. When a message below is displayed, the License Activation is complete. Click "OK".

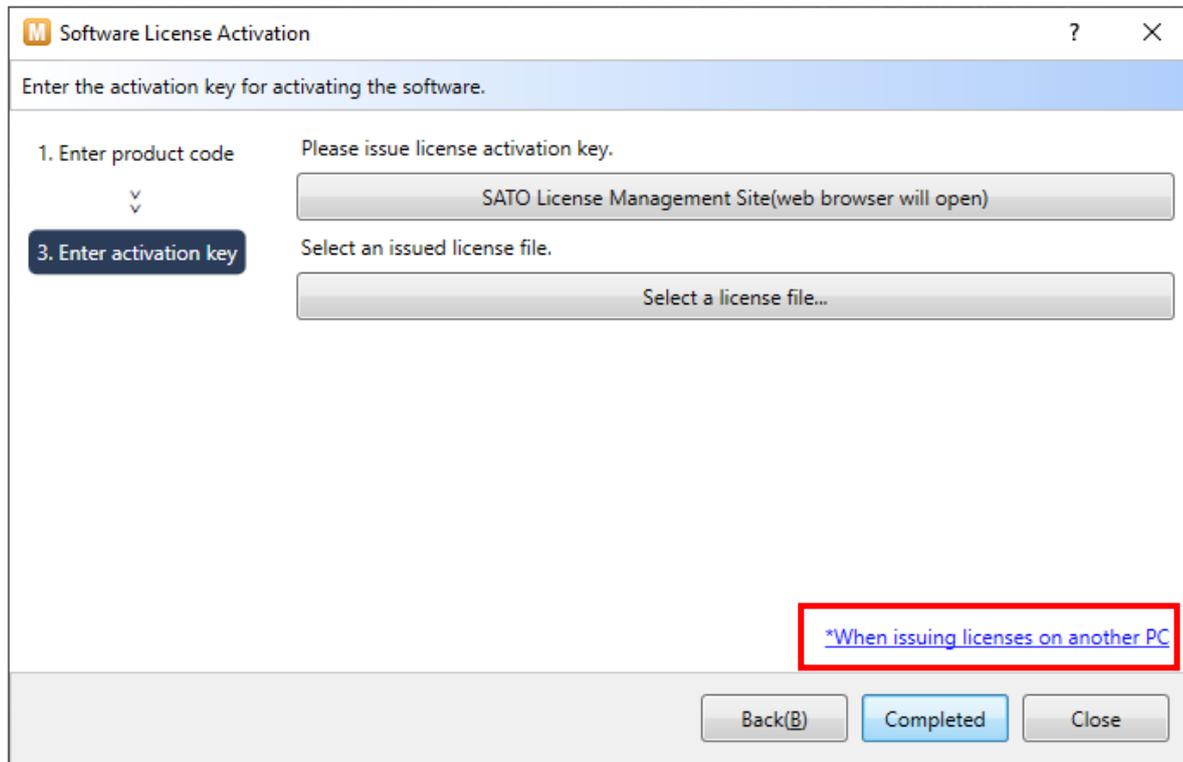

11. Click "OK" to close MLMaintenance.

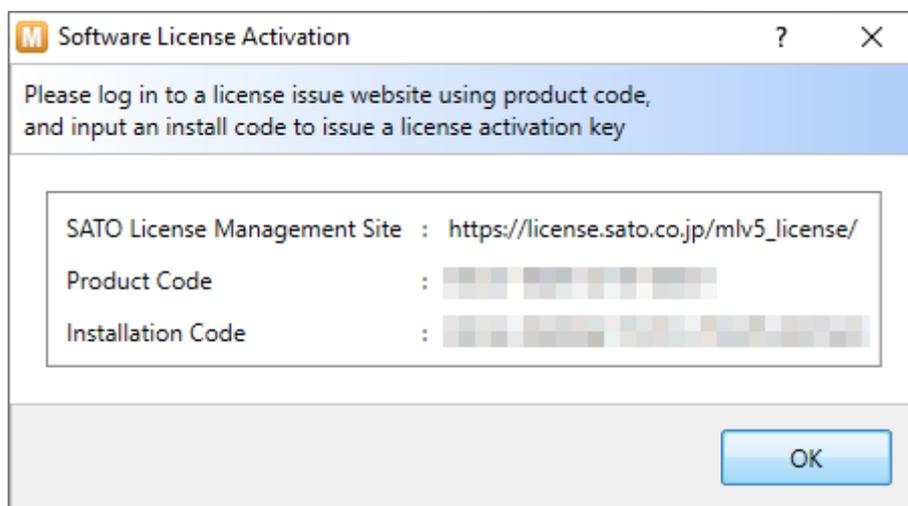

Close the SATO License Management Site by clicking “Go to Main Menu” then “Logout”.

## ■ When the PC is not connected to the Internet

1. Perform steps 1 to 4 of “[License Authentication](#)” on the PC with MLV5 installed.
2. Click “\*When issuing licenses on another PC”.

3. Copy “Product Code” and “Installation Code” on Notepad.

### ★ About the “Installation Code”

The License Activation Key is a 24-digit alphanumeric starting with “MLNC”. It is issued on a PC on which the Product Code has been registered. This is necessary to issue the “License Activation Key”, mentioned later.

- Access the site below using another PC which can be connected to the Internet.

<SATO License Management Site for Multi LABELIST V5>

[https://license.sato.co.jp/mlv5\\_license/](https://license.sato.co.jp/mlv5_license/)

- Enter the Product Code and click " ログイン " (Login).

## 2-2

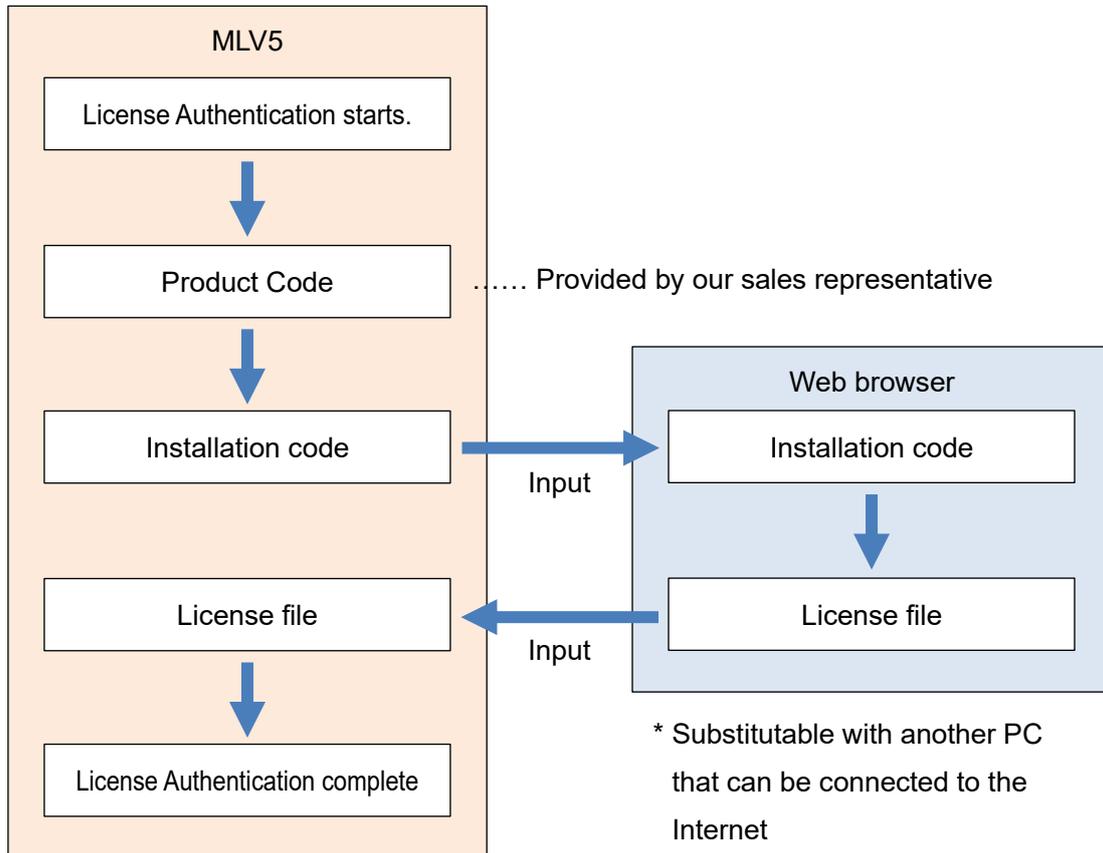

### License for a Limited Time

- License Authentication
- When connecting to the Internet is disabled
- Transition to the product version

#### ■ Before License Authentication (Limited Time)

Connect the PC with MLV5 installed to the Internet.

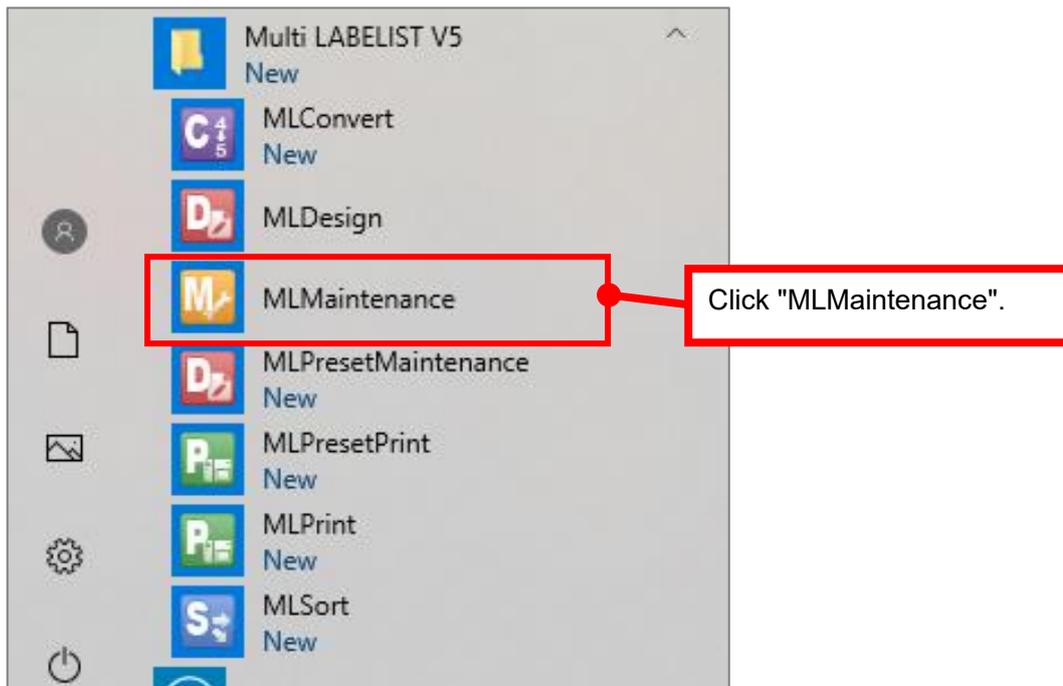

If the PC cannot be connected to the Internet, use another PC that can be connected to the Internet.

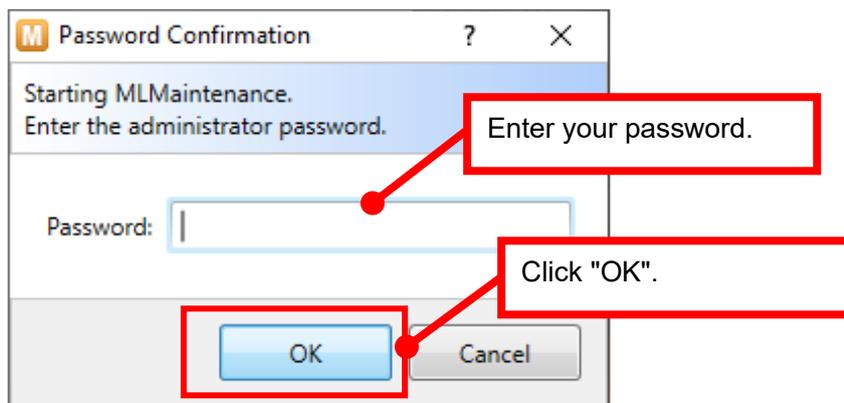

### ■ License Authentication (Limited Time)

1. Start MLMaintenance.

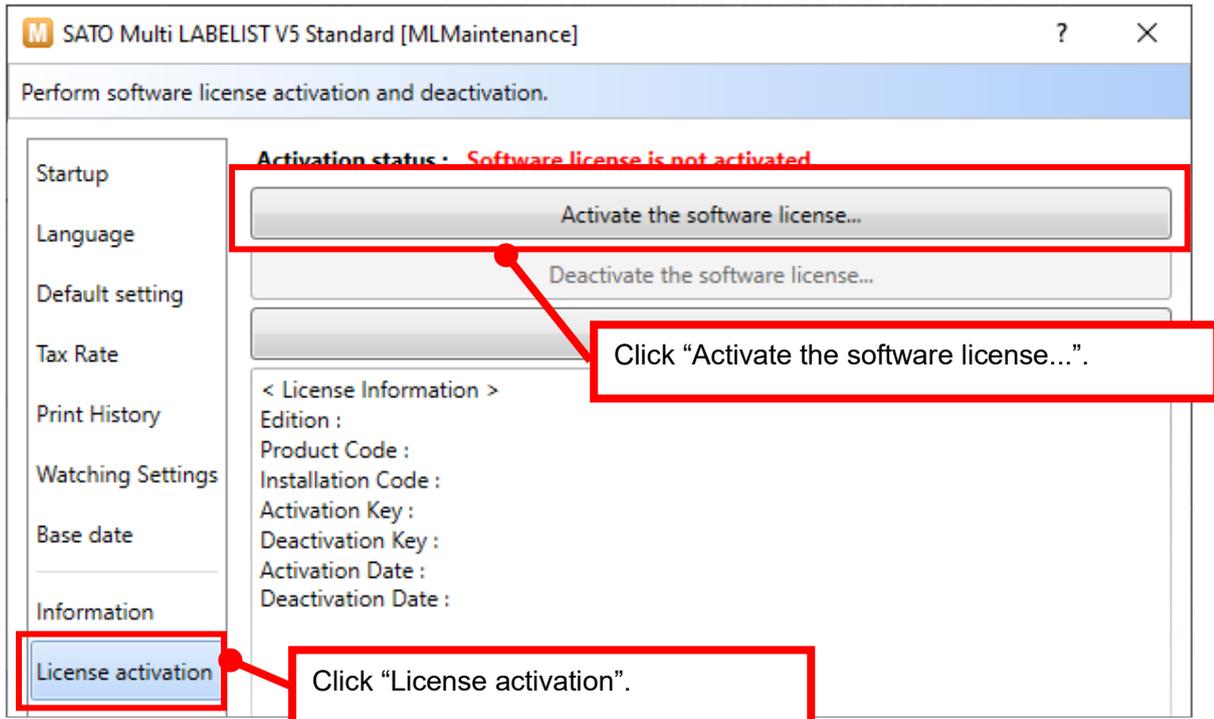

If the warning for user account control is displayed, click "OK".

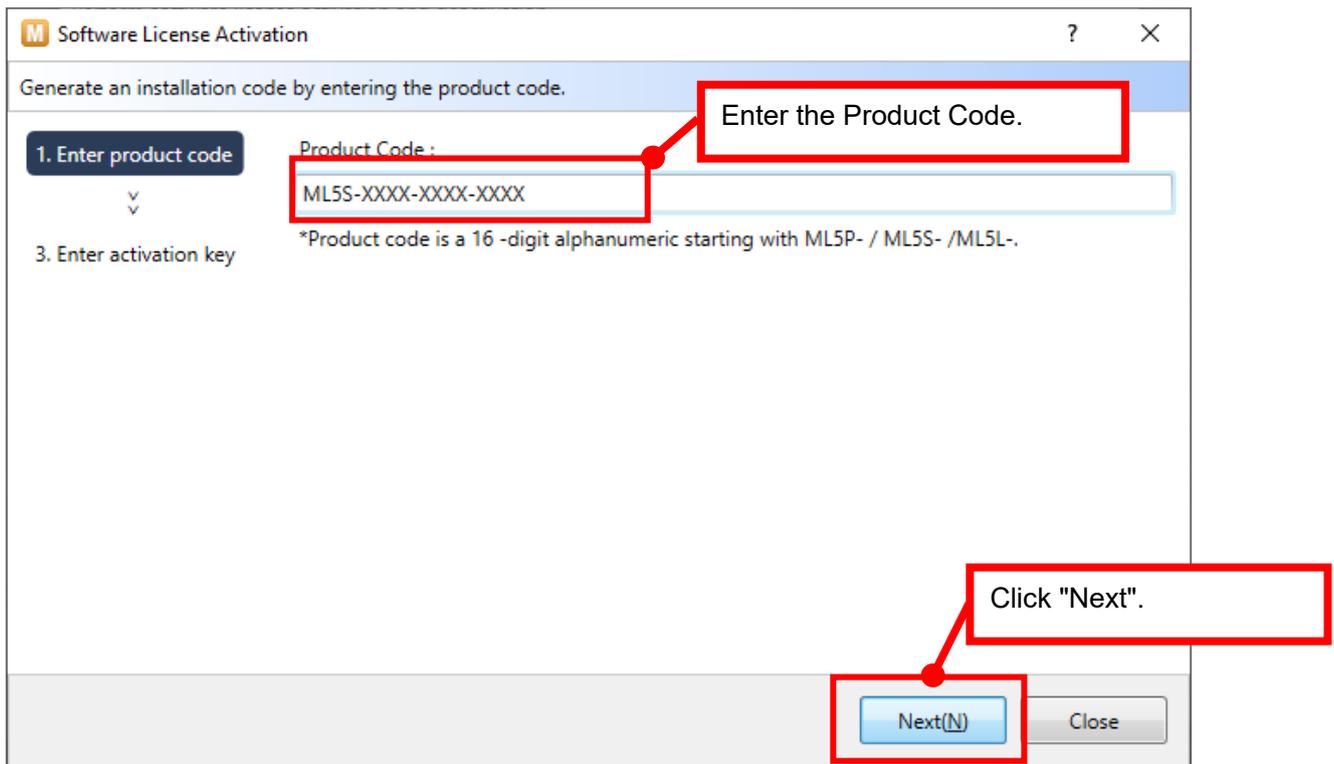

2. Enter your password and click "OK". The initial password is "user".

3. Click "License activation" from the menu on the left, then click "Activate the software license...".

4. Enter the Product Code and click "Next".

★ **About the "Product Code"**  
The Product Code is a 16-digit alphanumeric starting with ML5P/ML5S/ML5L/ML5E.  
Provided by our sales representative

**[Note] If clicking "Next" causes an error**

The entered Product Code may be incorrect. Check the Product Code and enter it again. The alphabetic "O", "I", and "Z" are not used in the Product Code.

## 5. Click "SATO License Management Site".

**[Note] If "All licenses have already been issued." is displayed on the SATO License Management Site**

The License activation key for the entered Product Code has been issued. Click " **ライセンス発行履歴** " (License Issue History) and check "Installation Code" ( **インストールコード** ) and "License Activation Key" ( **ライセンス認証キー** ). If the license has been activated with an incorrect Installation Code, please contact our sales office with the product code.

インストールコード	MLNC-██
コンピュータ名	████████
ライセンス認証キー	<input type="button" value="ML5E-████████████████████.licをダウンロード"/>

#### ★ About the "License file"

The file stores the information for a limited time. It is issued on the SATO License Management Site. Register the license file to enable the software key.

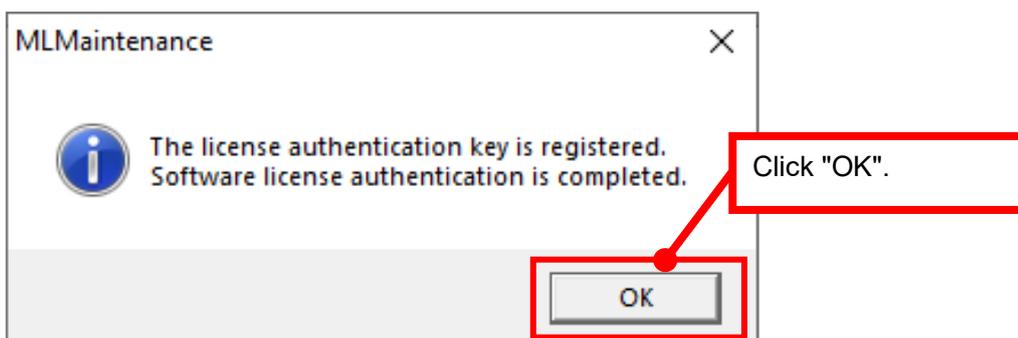

9. Return to MLMaintenance, click “Select a license file...”, and select a downloaded license file.

★ If the screen shown above is closed

If the screen shown above is closed during activation of the license, click “Activate the software license...” and the License Activation Key screen on the next page opens. To check the installation code, click “Back” (never click “Reissue”).

10. When a message below is displayed, the license activation is complete. Click "OK".

11. Click "OK" to close MLMaintenance.

Close the SATO License Management Site by clicking “Go to Main Menu” then “Logout”.

## ■ Updating the License for a Limited Time

To extend the time limit for the license for a Limited Time, download the "license file" from the license Print History and update the license.

If you need to extend the period, please contact our sales representative in advance. Please re-download after license renewal from our company.

1. Enter the Product Code on the SATO License Management Site and click " ログイン " (Login).

6. When "Deactivation key" is displayed, click "Close".

7. Perform License activation for the product license referring to "[2-1. Software Key Authentication](#)".

## Chapter 3

# Transition of Software Key to Another PC

# 3-1

## Transition of Software Key to Another PC

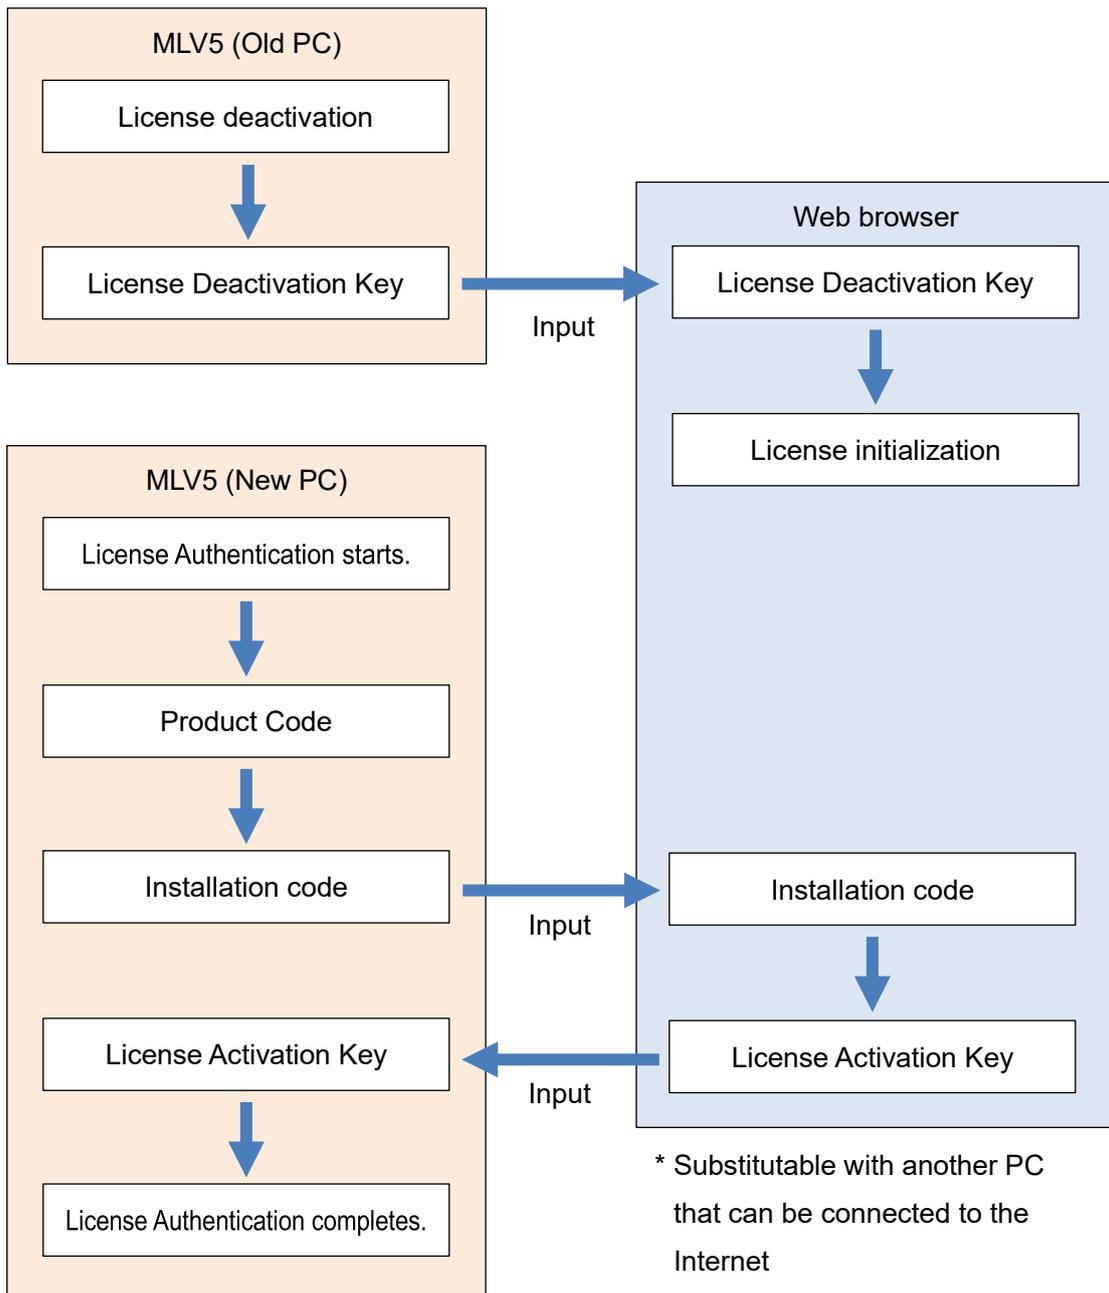

### ■ License Transition

When the software key has to be transferred to another PC because of changing the device, deactivate the License activation on the PC being used and perform License activation on a new PC.

#### ■ Before License Transition

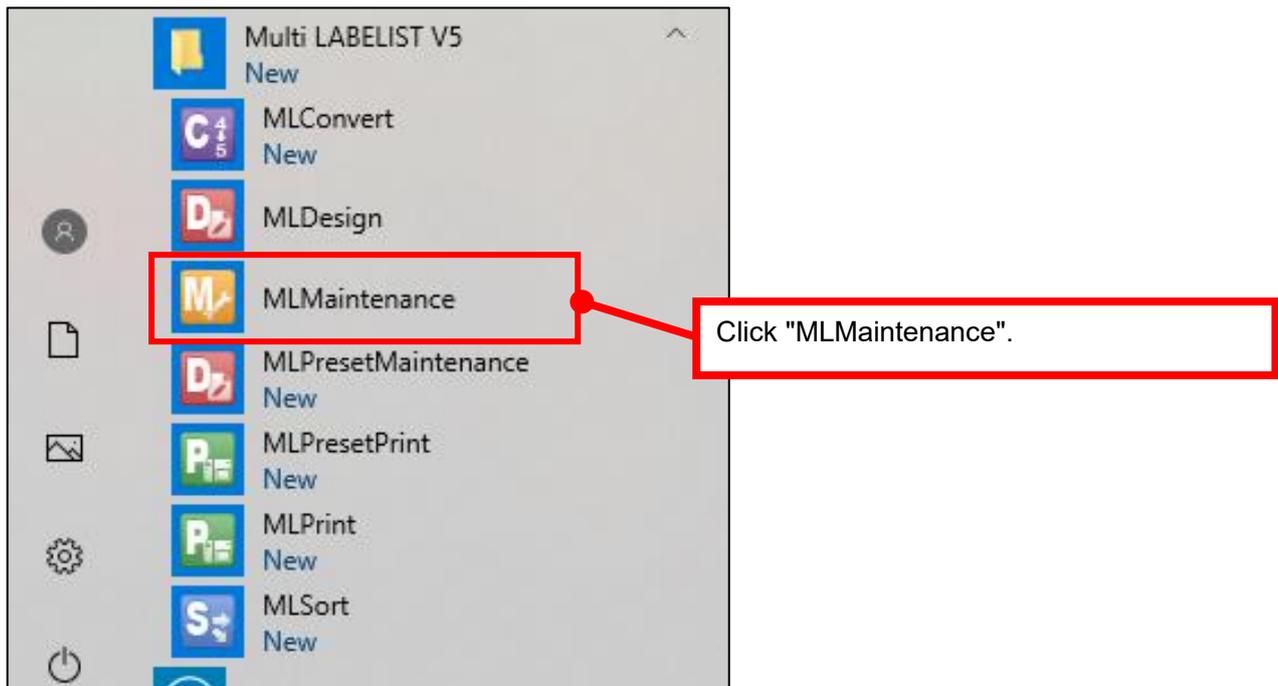

Connect the PCs described below to the Internet. If the PC cannot be connected to the Internet, use another PC that can be connected to the Internet.

- Old PC using software key (MLV5 can start)
- New PC (“[Chapter 1 Setup](#)” has been completed.)

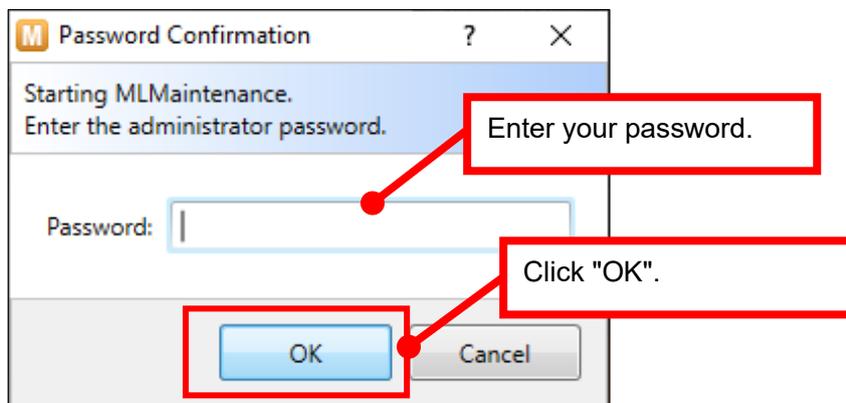

## ■ License Transition

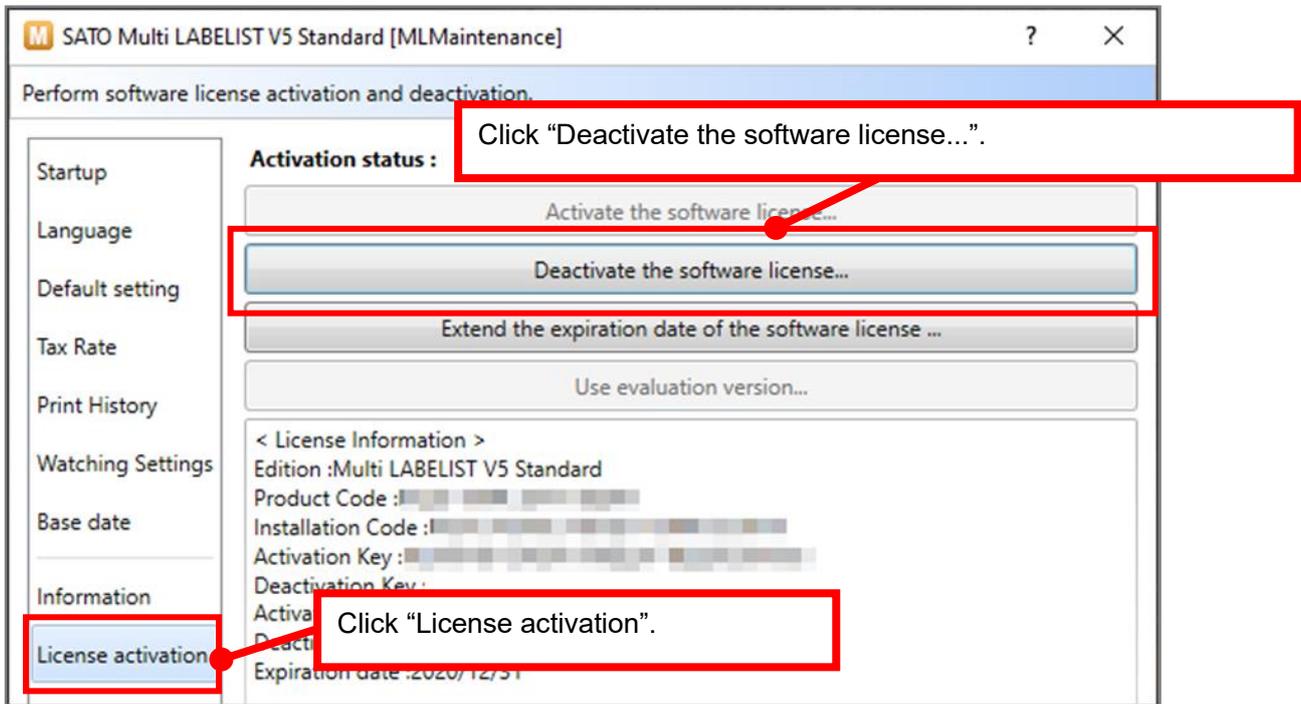

1. Start MLMaintenance on the PC using software key.  
If the warning for user account control is displayed, click "OK".

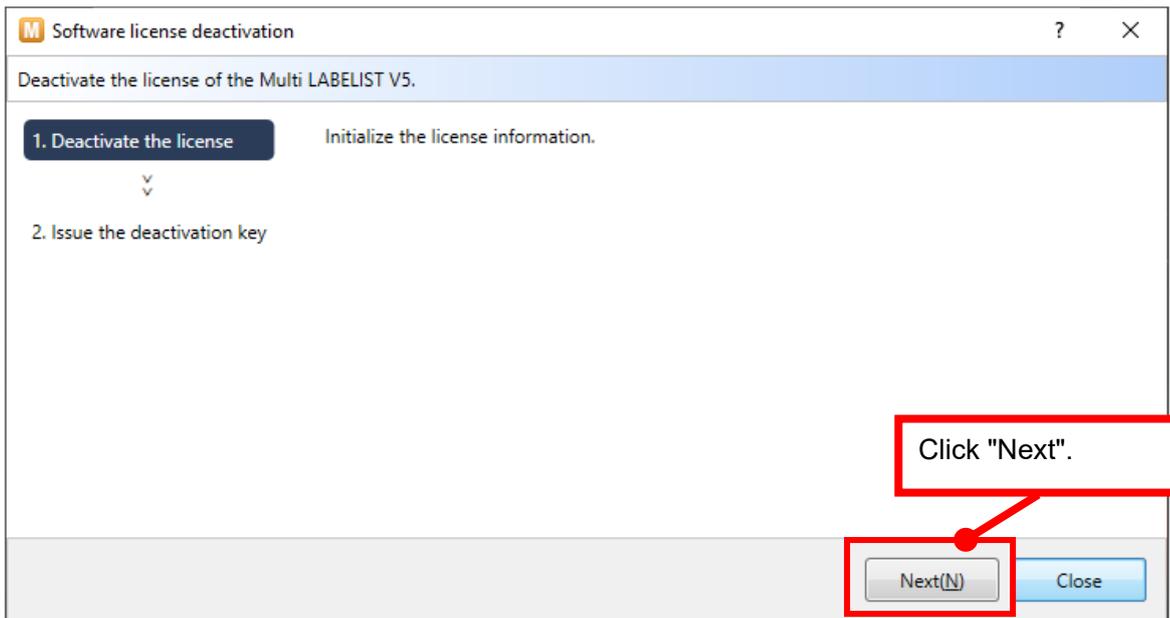

2. Enter your password and click "OK". The initial password is "user".

3. Click "License activation" from the menu on the left, then click " Deactivate the software license...".

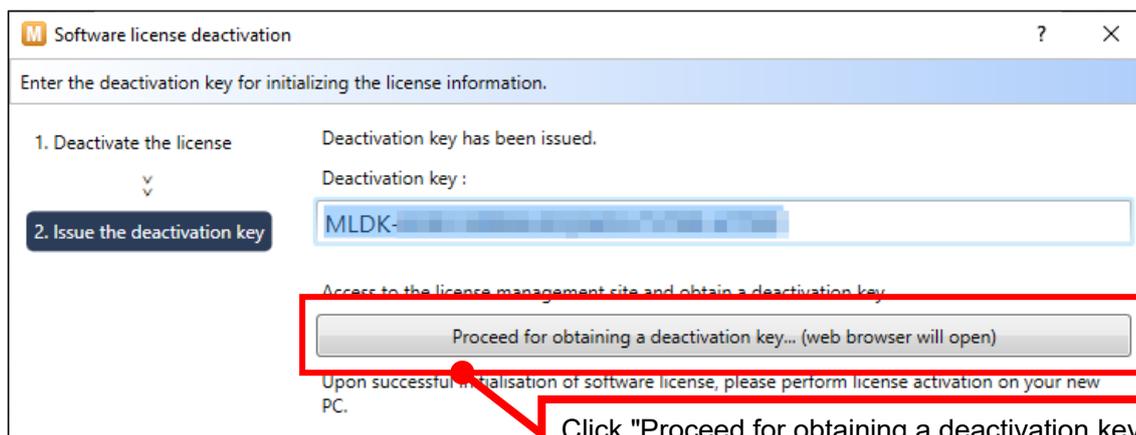

4. Click "Next".

5. When a confirmation message is displayed, click "Yes".

6. When “Deactivation key” is displayed, click "Proceed for obtaining a deactivation key...".

### ★ About the “License Deactivation Key”

The License Deactivation Key is a 28-digit alphanumeric starting with “MLDK”. This is the key to show the software key is deactivated from the PC. The license is returned by registering it on the SATO License Management Site.

7. The SATO License Management Site opens. When a confirmation page of license initialization is displayed, click “ライセンス初期化”(Initialize License).

8. When a complete screen is displayed, the License Deactivation is complete.  
Click “Close” then “OK” to close MLMaintenance.  
Close the SATO License Management Site by clicking “Go to Main Menu” then “Logout”.

9. Perform License activation on a new PC. Refer to "[2-1 Software Key Authentication](#)" for the license activation procedures.

### ■ When the PC is not connected to the Internet

1. Perform steps 1 to 5 of "[License Transition](#)" on the PC using the software key.
2. Copy the created "License Deactivation Key" on notepad.
3. Access the site below using another PC which can be connected to the Internet.

<SATO License Management Site for Multi LABELIST V5>

[https://license.sato.co.jp/mlv5\\_license/](https://license.sato.co.jp/mlv5_license/)

4. Enter the Product Code and click " ログイン " (Login).

The screenshot shows the SATO Multi LABELIST V5 License Issuance page. The page title is "Multi LABELIST V5 ライセンス発行". Below the title, there is a section for "プロダクトコード" (Product Code) with a text input field and a "ログイン" (Login) button. A red box highlights the "ログイン" button with the text "Click ' ログイン ' (Login)".

Below the login section, there is a section for "ライセンス情報 (必ず確認してください)" (License Information). It displays the following information:

製品名	Multi LABELIST V5 Standard
シリアル番号	17016001
プロダクトコード	ML5S-1234-5678-9012

A red box highlights the "プロダクトコード" field with the text "\* Enter the Product Code written on the Software License Certificate (the above example is a dummy)".

At the bottom of the page, there is a "メインメニュー" (Main Menu) section with a table of license information:

アプリケーションID	Multi LABELIST V5 Standard

Two buttons are visible: "ライセンス発行履歴" (License Issuance History) and "ライセンス初期化" (Initialize License). A red box highlights the "ライセンス初期化" button with the text "Click ' ライセンス初期化 ' (Initialize License)".

6. Enter “License Deactivation Key” and click “ライセンス初期化” (Initialize License)..

アプリケーションID Multi LABELIST V5 Standard

ライセンス解除キー MLDK - XXXX - XXXX - XXXX - XXXX - XXXX

※「ライセンス解除キー」は、「MLDK-」から始まる28桁の英数字です。

戻る ライセンス初期化

Enter License Deactivation Key.

Click “ライセンス初期化” (Initialize License).

7. When a confirmation screen is displayed, click “License Initialization” to deactivate the license.
8. When a complete screen is displayed, the License Deactivation is complete.  
Click “Close” then “OK” to close MLMaintenance.  
Close the SATO License Management Site by clicking “Go to Main Menu” then “Logout”.
9. Perform the license activation on a new PC. Refer to [“2-1 Software Key Authentication”](#) for the license activation procedures.

# Chapter 4

# Others

## 4-1

**Confirming the License Information of the Software key**

■ MLMaintenance ■ License Print History

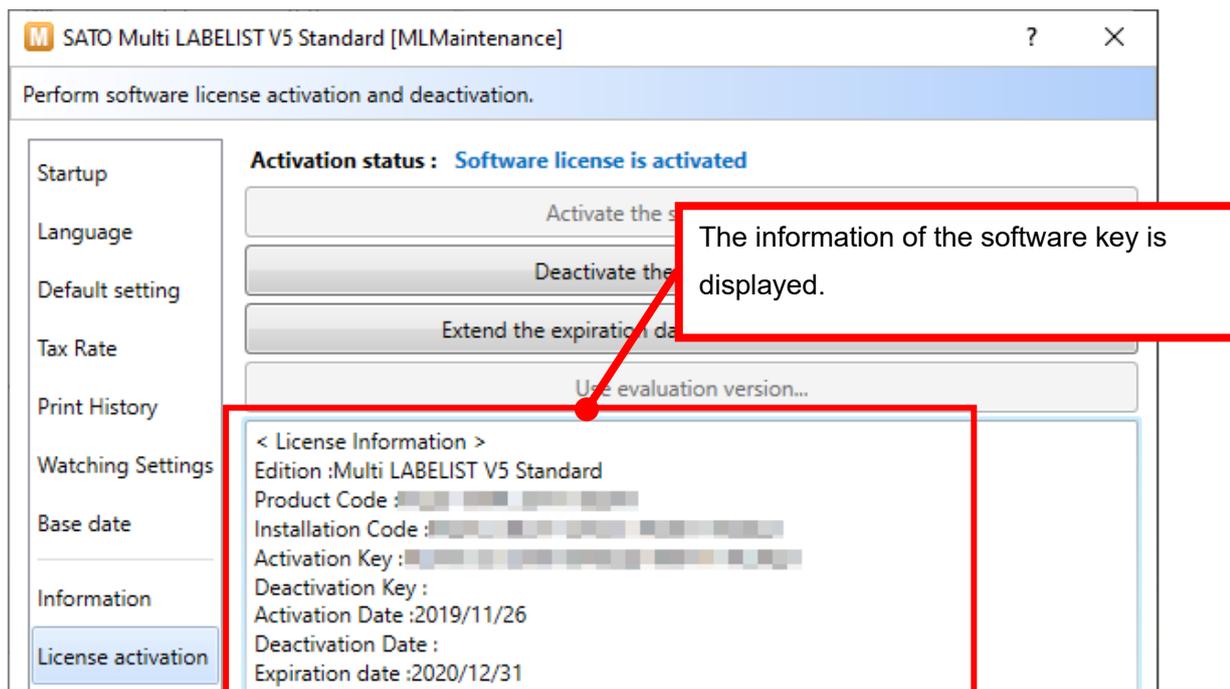

When multiple software keys are used, it is described below how to confirm which software key is used on which PC.

**■ Confirming MLMaintenance**

Using MLMaintenance, the license information of the software key can be confirmed.

1. Start MLMaintenance and click “License activation”.

The information of the software key is displayed on “License Information”.

**■ Confirming the License Issue History**

It can be confirmed on the SATO License Management Site.

1. Access the site below using another PC which can be connected to the Internet.

<SATO License Management Site for Multi LABELIST V5>

[https://license.sato.co.jp/mlv5\\_license/](https://license.sato.co.jp/mlv5_license/)
